## **The Advocacy Center for Children of Galveston County**

The Advocacy Center is a non-profit organization that provides a child friendly environment for the evaluation of child abuse. The goal of the Center is to reduce the trauma of assaults on children by providing a coordinated investigation, quality interviews, crisis counseling and medical examinations. Abused children who get help early are more likely to succeed in coping with their problems throughout their lives, and are more likely to become healthy adults and good parents. Please join the Advocacy Center and Undefeated, MC in the fight against child abuse. With support we will continue to make sure child victims of abuse are treated with dignity and receive the resources they need.
